MIKKS / COCKTAILS

Mikks - Fresh, handmade essences for our special cocktails. For all those who already know everything and want to try something new.

Passionfruit

Viva la vida tropical. The exotic aroma of passionfruit and a pinch of coconut blossom sugar forge the perfect mix between sweet and sour.

Chili Citrus

Love your neighbour, they said to the Lime. And it didn't take long for the fresh lime to fall in love with the hot chili.

Cherry blossom

The delicate pink flower of Japan mixes up the cocktail world with a strong appearance and sweetbitter enjoyment.

Pear Forest

A Swiss pear, the King of the Thurgau Möhl apples, fir tree top on a forest floor & cinnamon whisper seasonal sweet nothings to each other.
